SCRATCH REMOVER

WYNN'S SCRATCH REMOVER is the professional way to remove swirling & light scratches, scuffs, swirls and discolouration. Safe for all paint finishes.

Properties

- ✓ Formulated with dedicated, unique harmless fillers to remove swirling & light scratches, scuffs, swirls and discolouration.
- ✓ Works with swirling and light scratches.
- ✓ Perfect for headlight restoration as an alternative use.
- ✓ Easy to use

Applications

- ✓ For all type of paint finishes
- ✓ Do not use to remove apparent scratches that in practice are areas where the paint has been removed.

Directions

- ✓ Clean the surface to treat beforehand. It should be free of sand, dust, particles...
- ✓ Shake gently before use.
- ✓ Apply a small amount of Scratch Remover to a soft clean cloth.
- ✓ Apply it then to the bodywork using light pressure in small circular motions until the product starts drying.
- ✓ Let dry until it turns white (not more than 5 to 7 minutes).
- ✓ Buff off with a second soft clean cloth or with other clean part of the same cloth.
- ✓ Repeat until the light scratch has been completely removed.
- ✓ Do not leave the dried product on the surface for an uncontrolled period.
